TWELVE KILLED IN NEW YORK TENEMENT FIRE

HEAVY SMOKE FILLS CORRIDORS, MANY SUCCUMB IN BEDS

HEAVY GASES FILLED THE FIVE STORY BUILDING, MAKING IT DEATH TRAP

FIREMEN FIND BODIES OF MANY UNCONSCIOUS LYING IN HALLWAYS

(By United Press)

New York, April 27.—Twelve persons were reported killed when fire swept through an upper east side tenement house here early today.

Heavy smoke filled the corridors in the place and many arising hastily from their beds ran toward the fire escape only to be overcome and drop unconscious within sight of safety.

This was responsible for the heavy casualties according to the police since the fire was not of great proportions.

Early morning passersby saw smoke issuing from some of the windows of the house and turned in the first alarm shortly before four a. m.

The blaze did not burst forth from the structure and seemed stifled in one portion of the building. Heavy gases filled the building through all five stories and those above who attempted to dash down the stairs to safety were unable to penetrate the smoke and were overcome.

Firemen entering the place found bodies of unconscious persons lying in the hallways. Many other were overcome before they could leave their rooms. Eleven persons were taken to hospitals suffering injuries.

Those who were able to get to the fire escapes ran down to the second floor. A taxi cab was driven on the sidewalk and they stepped to its roof and thence to the street.

Firemen saved many women from where they lay unconscious on the floors and revived them in the open air.

Most of the dead were women and children. A few were badly burned and police were unable to establish positive identification.

Mrs. Anna Soloman, a cripple, who could not walk lay paralyzed in her bed for fifteen minutes while the smoke filled her room and the red glare flickered through the transom.

Two firemen found her there and carried her out safely, although they were badly burned.

Suspicions of police were aroused at the speed with which the blaze traveled. A squad is minutely examining the building to determine possibilities of incendiarism.

Further Details on Casualties

Twelve persons,—six children, four women and two men—perished in flames which gutted a crowded five story Harlem tenement house just before dawn today.

Families asleep in their beds were trapped when the only stairway was destroyed by the sweeping fire which sent a dense gaseous smoke through the fourth and fifth stories stifling victims as they groped blindly for safety.

Charred bodies of the child victims were found huddled together in corners and hallways where hand in hand they had sought to make their way out, only to be overcome.

Big sisters and mothers, some lying unconscious were found clutching the little bodies. They had dropped senseless from the smoke and lay there, easy prey for the flames.

Some were found by firemen who penetrated the deadly smoke and were carried down by aero ladders.

3 LIFEBOATS MAKE SHORE SAFELY

Capetown, South Africa, April 27—Three life boats with survivors from the ill-fated Portugese mail steamer Mossamedes have reached Ft. Alexander safely.

The survivors expressed the belief that other boats which set out after the vessel grounded probably have reached land also.

1 Freshman Killed, 6 Injured in Auto Wreck

OWNER OF PRETTIEST HANDS CREDITS HONOR TO WASHING DISHES

Though Miss Mary Meeker of Eastern Parkway, Brooklyn, captured the first prize for the most beautiful hands at the National Perfumery, Toilet Articles and Soap exposition in New York, she doesn't give them any more attention than the ordinary young woman who is not quite as fortunate. After attending to her studies at Teachers College, Miss Meeker helps with the housework, whether it be cooking or washing and drying dishes. The work, so Miss Meeker says, helps keep her hands perfectly proportioned. She does the luncheon dishes in her home regularly.

BOND ROBBER WILL GO TO LEAVENWORTH

(By United Press)

Minneapolis, April 27—Henry Sorlein, confessed bond robber, will go to Leavenworth penitentiary for a year and a day.

This sentence was imposed today by Federal Judge John F. McGee. Sorlein turned government witness and testified against five alleged co-conspirators in the disposal of about $2,500,000 worth of stolen bonds in the Twin Cities. The bonds were loot from the New York and Chicago mail robberies and the Cincinnati bank robbery.

Stanley McCormick and Arthur Lindbloom were found guilty and sentenced to seven years each in connection with the conspiracy last Tuesday.

Charges against Abe Ginsberg and Mr. and Mrs. James Connolly were dismissed.

Sorlein was commended by the court for admitting his guilt and was granted a forty day stay of sentence. He was released under $5,000 bail.

DISABLED VETERANS FORM BUSINESS GROUP

Moose Lake, Minn., April 27—The disabled veterans in training here have organized a business association which will handle the business matters of the veterans. This organization will handle such matters as buying supplies in carload lots, lime and fertilizers for their farms. Marketing of their products under the association name is being given consideration. Temporary officers were elected as follows: Fred Philips, president; Quinton L. Gaphier, vice president; Arthur R. Rhodes, secretary-treasurer; Frank Dau, Joseph Taylor, James F. Stotneback, Berthold Long, executive committee.

SEEK AID OF STATE TROOPS

STATE LEGISLATORS ASSERT SAFETY OF WITNESSES IS JEAPORDIZED

(By United Press)

Tallahassee, Fla., April 27—State legislators sought the aid of state troops today in the conduct of their investigation into the death of Martin Tabert in a convict camp.

Declaring safety of witnesses was being jeopardized as the investigation continued, Governor Hardee was asked to send the state militia to Clara, Florida to stand guard when Walter Higginbotham "whipping boss" goes to trial for the alleged flogging to death of the North Dakota boy.

Representative Kennery of the joint legislative committee reporting on the effort to exhume Tabert's body asserted that armed men had intimidated Arthur Johnson, a negro, to such an extent he was afraid to reveal the spot where he claims he helped bury the boy in a water soaked grave.

HOUSE OF DAVID WAS A HOUSE OF BONDAGE, CLAIMED

WITNESSES SO TELL INVESTIGATORS INTO THE RELIGIOUS CULT

STORIES OF HAREM LIFE IN SUPPOSEDLY VIRGIN HOUSE OF SHILOH REVEALED

(By United Press)

St. Joseph, Mich., April 27.—The House of David was a house of bondage, witnesses today told investigators into the religious cult.

Stories of harem life in the supposedly virgin house of Shiloh, home of "King" Benjamin Purnell, ruler of the colony were revealed. The claim for celibacy and virginity made for followers of King Benjamin was regarded as a joke within the colony, a former "pillar" declared.

Benjamin Hill, the chief witness to testify in the probe so far who was caught while fleeing with Lillian Hanaford, revealed new and startling details of the midnight religious rites in the colony.

Hill, once numbered among the "seven pillars" of the colony—the highest executive officers next to the king—declared the revelations of immorality had dissillusioned many members of the cult.

He said more than a score were awaiting an opportunity to flee at the time he left with Mrs. Hannaford, his life time sweetheart who he could not marry because of orders from "King" Purnell.

Hill said the first word of conditions really existing in the colony was given to him by a sixteen year old girl he had married against his will.

"She told me of immorality among hands of the colony" Hill said.

"I had faith in the teachings however, and doubted her word."

"When my mother died despite the claim for immortality among the members of the colony I grew skeptical.

"The group weddings were what finally convinced me that the whole thing was a hoax".

Charges Poisoning of Witnesses

Attempts have been made to poison informers giving testimony against the House of David, William Nelson, Detroit, attorney told the one man grand jury investigation being conducted by Judge Harry Dingeman here today.

Nelson represents former members of the religious cult in suits for damages now pending against the organization.

Two witnesses in these suits within the last month were poisoned, circumstances pointing to the cases as resulting from a general plot, Nelson said.

FARMER RUNS AMUCK; SHOOTS 5

(By United Press)

Isabel, Okla., April 27—Five persons were shot to death by a farmer who ran amuck here during the night, according to reports to county officials today.

John Pope, farmer, is sought in connection with the killing.

Those killed were:

Pope's wife, his two children and Mrs. Pope's parents, Mr. and Mrs. P. Hanson.

Pope and his wife, it was reported here, separated and Mrs. Pope and their children were living with her parents.

(By United Press)

Washington, April 27—John R. Mitchell, St. Paul member of the federal reserve board today sent his resignation to President Harding. Mitchell has been with the board two years.

AT LAST THERE IS SOME ACTION ON THE CREAMERY ROBBERIES

(By United Press)

Minneapolis, April 27—Two men and a woman were jailed here today—the first arrests in the long series of creamery robberies.

Police and deputies of the Twin Cities and Anoka county cooperated in the cleanup and believe they have brought to an end a series of robberies in which truck loads of butter and cheese were hauled away from creameries within a radius of 60 miles of Minneapolis.

Those held in Hennepin county jail are Floyd "Coxie" Wall, notorious character, arrested many times, but never convicted; Fred West, a chauffeur, and Mrs. D. P. Frane, said to be his wife.

Creamery operators welcomed the arrest. They recently reported that they could no longer obtain insurance because of frequent robberies in this section. More than 30 creameries have been robbed in the last few months.

FEAR MOB ACTION YOUTH TAKEN AWAY

GEORGE BAKER, AGE 19, SPIRITED AWAY ON DAY OF EXECUTION

(By United Press)

Rome, Ga., April 27—Fearing a mob would fight the state of its rights to take the life of George Baker, 19, sheriffs spririted the youth to Lafayette at the dawn of his execution day.

Announcement was made here after Baker had been rushed away that the hanging would take place between the hours of ten and four today in the Lafayette jail yard.

Members of the family had just concluded last prayers shortly before dawn in the narrow death cell here when Sheriff R. E. Wilson lead Baker to a waiting motor car and dashed away while small groups of townspeople gathered outside the jail and watched the flight.

Ralph Baker, 15 years old, whose death sentence was commuted to life imprisonment, begged to be taken along and continued to demand that he be given the privilege of dying with his brother on the gallows.

"I am the one that did the killing," the boy wept referring to the murder of a deputy sheriff for which both boys were tried.

"George didn't have a pistol. If either of us is to hang it ought to be me."

Members of the family planned to leave this morning for Lafayette with the exception of the 18 year old wife of George who pleaded that she be allowed to remain here until the noose had ended the life of her husband of 18 months.

George Baker was calm and composed when deputies hustled him out of his cell this morning. He was resigned to his fate and declared that though he was innocent he was determined not to inch.

Executed at Lafayette

Lafayette, Ga., April 27—George Baker, 19 years old, was executed here today for the murder of Deputy Sheriff Norton, while his 15 year old brother Ralph protested that he alone was responsible for the crime.

Baker walked to his death calmly, waving farewell to a crowd assembled in the jail yard a few minutes before he was taken from his death cell. The youth was rushed here from Rome shortly before the time scheduled to be hung there when a crowd assembled near the jail and threatened to take charge of the proceedings.

Gravel Surfacing

Devils Lake, April 27—The state highway commission will let a contract here today for gravel surfacing from Cravy east ten miles and sixteen miles east and west to Edmore.

YEGGS FAIL IN 3 ATTEMPTS TO BLOW POSTOFFICE SAFES

FLED FROM OWATONNA WITH A SACK OF MAIL AS THEIR ONLY LOOT

TWO BLASTS OF NITRO-GLYCERINE FAILED TO BUDGE GOVERNMENT SAFE

(By United Press)

Owatonna, Minn., April 27.—Yeggs here today failed in three attempts to blow two safes in the postoffice here and fled with a sack of mail as their only loot.

Two blasts of nitro-glycerine failed to budge the safe. The yeggs knocked off the combination of another smaller safe and failing to open it with their tools attempted to blast it. The door held.

Picking up a pouch believed to contain valuable mail, the yeggs fled. No one saw them or heard the blasts so far as could be learned.

The pouch taken contained letters from the Twin Cities and had been unloaded from a Rock Island train a short time before. The yeggs forced a back door to gain entrance. The postoffice inspector arrived to conduct an investigation.

RINGLING, CIRCUS MAN, IS SUED FOR $800,000

Bozeman, Mont., April 27—Richard T. Ringling, a member of the widely known circus family of that name, engaged in Montana in the livestock industry, was made defendant in two damage suits filed in district court here yesterday. Damages amounting to $800,000 are asked. Hans Biering and M. S. Cunningham in two complaints allege that Ringling violated certain contracts and agreements, for which $500,000 is sought. Another action charges that Ringling entered into an agreement in the matter of oil and gas leases on the Crow Indian reservation, for which damages amounting to $800,000 are asked.

6 PRISONERS SHOT BY JAIL GUARDS

(By United Press)

St. Louis, Mo., April 27—Six prisoners were shot by jail guards and several others severely beaten when an attempted wholesale escape from the St. Louis city workhouse was frustrated here today.

Fifteen men after sawing through the bars of their cells were discovered in the jail yards in search of an exit according to the guards. After a volley of shots had been fired into the crowd of prisoners, order was restored. The wounded were taken to a hospital and the others locked up in new cells.

CHARGED SENDING THREATENING LETTERS

Chicago, April 27—Albert Baillin who attracted attention in making sensational charges against private detective agencies was arrested by federal officers here today charged with sending threatening letters through the mails. He was accused of having sent letters threatening lives of attorneys prosecuting alleged sedition law violators during the war.

FINED $1,000 FOR BEER RUNNING

Chicago, April 27—Howard Kauffman, under indictment in connection with the inquiry into alleged tampering with the jury which acquited Governor Len Small at Waukegan, was fined $1,000 here today for beer running.

Kauffman pleaded guilty before Judge James H. Wilkerson in United States district court. He paid the fine immediately.

WOMAN FLAGS TRAIN WHEN DOG REFUSES TO GET OFF TRACKS

Zumbrota, Minn., April 27—Local people tell of seeing a rather amusing incident when a Great Western freight train was flagged by a woman Upon bringing his train to a stop, the engineer found the woman had a dog who refused to remove himself from the track. Following the stopping of the train the canine seemed satisfied and with wagging tail left the track.

SOME N. D. LAWS MAY BE INOPERATIVE

(By United Press)

Fargo, N. D., April 27—If sufficient signers are secured, ten laws passed by the 1923 legislature will become inoperative until referred to the voters in a regular election next year. This became known today when non-partisan leaders announced petitions would be put into circulation regarding six additional laws.

Four have been already attacked, including the famous non-partisan election law, perhaps the most bitterly fought measure during the session.

According to the North Dakota statute a law is ordinarily suspended until voted on at a regular election when petitions carrying ten per cent of the legal voters from the majority of the counties are filed within ninety days after adjournment of the legislature. The legislature adjourned March 2. The measure will be voted on in March 1924 unless the governor sees fit to grant a request that they are not voted on until the general election next year.

The laws attacked include elections, banking and taxation and miscellaneous measures. Different groups are sponsored by different parties.

Husband Unable to Trace His Wife and Cousin

Duluth, April 27—Efforts to trace Mrs. Harry Letsos, age 26, and James Letsos, age 26, a cousin of the husband, missing for the past week, have revealed that the pair were last seen near Duluth hotel Saturday, say Duluth police.

Mrs. Letsos left three children, the ages of which are 7 years, 5 years and 14 months. It was at first thought that she was visiting her mother at Brainerd, but upon investigating the police found that she had not been there, nor heard from. She took the baby with her.

Relatives ask Brainerd people if they have any information regarding Mrs. Letsos and baby.

GIRL WITHDRAWS CHARGES MADE

DROPS $50,000 SUIT STARTED AGAINST BABE RUTH OF YANKEES

(By United Press)

New York, April 27—At a conference in Boston tonight, Babe Ruth and his attorney Hyman Bushel will decide whether to go any further with the case of the Delores Dixon who dropped her $50,000 suit against him today.

Miss Dixon has signed a paper in which she admits the charges that Ruth attacked her was a frameup according to Bushel.

Bushel stated he desired to confer with Ruth before deciding whether to take any further action toward ferreting out those who are believed to have arranged the girl's suit using her as a tool.

Educators in Session

Huron, S. D., April 27—Educators of east central counties of the state are in session today to unite on educational problems of the district.

TRAGEDY BLAMED ON A 'CLASS WAR' IN THE NORTHWESTERN 'U'

AUTO RACING ON SHERIDAN ROAD COLLIDED WITH ANOTHER CAR

INTENSE FEELING GENERATED IN 1921 WHEN SOPHS KIDNAPED FRESHMEN

(By United Press)

Chicago, April 27.—One Northwestern university freshman was killed and six other persons injured, one seriously, in an automobile wreck which was blamed on a "class war" today.

Louis Aubre, Chicago, was killed. Another freshman, Ralph Williams, Harlan, Kentucky, is unconscious in an Evanston hospital with a fractured skull and posible internal injuries.

An auto containing Aubre, Williams and three other freshmen was reported by police to have been racing on Sheridan road in Wilmett in search of a freshman kidnaped yesterday by sophomores.

The machine was wrecked when it collided with a car driven by Mrs. Arthur D. Winslow. Mrs. Winslow and Mrs. I. W. Jordan returning from a theatre party were also slightly injured.

The freshmen car was declared to have been attempting to evade a car of sophomores who were trying to thwart the search for the kidnaped lower classman.

The class war blamed had been waged at the Northwestern for several years and first reached a stage of intense feeling in 1921 when sophomores began to kidnap freshmen and duck them in Lake Michigan.

Leighton Mount, one of the freshmen abducted at that time was never seen again after he was carried away by the upper classmen.

Kidnaping this year reached a climax yesterday when Dick Howell, freshman and holder of several world swimming records, was seized by sophomores in front of a frat house and whisked away into Wisconsin.

Scroes of freshmen auto parties participated in an all night search for him. An inquest will be held today. The accident brought auto fatalities in Chicago to seven in 24 hours.

INDUSTRY HITTING ON ALL CYLINDERS

(By United Press)

Washington, April 27—Industry throughout the country is turning out its products at a greater rate than in the boom year of 1920 the federal reserve board in its monthly survey of business reported today.

Production in basic industries during March was eight per cent higher than at the 1920 peak and 67 per cent above the low price of the depression year of 1921.

ST. JAMES, MINN., ASKS $17,000 PAVING REFUND

St. James, Minn., April 27—Claims wil be filed by the city of St. James for a $17,000 paving refund under the provisions of the highway reimbursement bill passed by the last legislature. The amount will be asked for paving done on highway No. 16 prior to 1919. A committee consisting of the mayor, city atorney and two aldermen recently visited the highway department, which passed favorably on the paving.

New Tax Limit

Minot, April 27—The new tax limit law of the 1923 legislature will impose a hardship on many school district educators, of the Northwest district determined in their annual district meeting. They believed it would result in reduction of salaries and considered the time inopportune.

After a volley of shots had been fired into the crowd of prisoners, order was restored. The wounded were taken to a hospital and the others locked up in new cells.

CHARGED SENDING THREATENING LETTERS

Chicago, April 27—Albert Baillin who attracted attention in making sensational charges against private detective agencies was arrested by federal officers here today charged with sending threatening letters through the mails. He was accused of having sent letters threatening lives of attorneys prosecuting alleged sedition law violators during the war.

FINED $1,000 FOR BEER RUNNING

Chicago, April 27—Howard Kauffman, under indictment in connection with the inquiry into alleged tampering with the jury which acquited Governor Len Small at Waukegan, was fined $1,000 here today for beer running.

Kauffman pleaded guilty before Judge James H. Wilkerson in United States district court. He paid the fine immediately.

WOMAN FLAGS TRAIN WHEN DOG REFUSES TO GET OFF TRACKS

Zumbrota, Minn., April 27—Local people tell of seeing a rather amusing incident when a Great Western freight train was flagged by a woman Upon bringing his train to a stop, the engineer found the woman had a dog who refused to remove himself from the track. Following the stopping of the train the canine seemed satisfied and with wagging tail left the track.

SOME N. D. LAWS MAY BE INOPERATIVE

(By United Press)

Fargo, N. D., April 27—If sufficient signers are secured, ten laws passed by the 1923 legislature will become inoperative until referred to the voters in a regular election next year. This became known today when non-partisan leaders announced petitions would be put into circulation regarding six additional laws.

Four have been already attacked, including the famous non-partisan election law, perhaps the most bitterly fought measure during the session.

According to the North Dakota statute a law is ordinarily suspended until voted on at a regular election when petitions carrying ten per cent of the legal voters from the majority of the counties are filed within ninety days after adjournment of the legislature. The legislature adjourned March 2. The measure will be voted on in March 1924 unless the governor sees fit to grant a request that they are not voted on until the general election next year.

The laws attacked include elections, banking and taxation and miscellaneous measures. Different groups are sponsored by different parties.

Husband Unable to Trace His Wife and Cousin

Duluth, April 27—Efforts to trace Mrs. Harry Letsos, age 26, and James Letsos, age 26, a cousin of the husband, missing for the past week, have revealed that the pair were last seen near Duluth hotel Saturday, say Duluth police.

Mrs. Letsos left three children, the ages of which are 7 years, 5 years and 14 months. It was at first thought that she was visiting her mother at Brainerd, but upon investigating the police found that she had not been there, nor heard from. She took the baby with her.

Relatives ask Brainerd people if they have any information regarding Mrs. Letsos and baby.

GIRL WITHDRAWS CHARGES MADE

DROPS $50,000 SUIT STARTED AGAINST BABE RUTH OF YANKEES

(By United Press)

New York, April 27—At a conference in Boston tonight, Babe Ruth and his attorney Hyman Bushel will decide whether to go any further with the case of the Delores Dixon who dropped her $50,000 suit against him today.

Miss Dixon has signed a paper in which she admits the charges that Ruth attacked her was a frameup according to Bushel.

Bushel stated he desired to confer with Ruth before deciding whether to take any further action toward ferreting out those who are believed to have arranged the girl's suit using her as a tool.

Huron, S. D., April 27—Educators of east central counties of the state are in session today to unite on educational problems of the district.

TRAGEDY BLAMED ON A 'CLASS WAR' IN THE NORTHWESTERN 'U'

AUTO RACING ON SHERIDAN ROAD COLLIDED WITH ANOTHER CAR

INTENSE FEELING GENERATED IN 1921 WHEN SOPHS KIDNAPED FRESHMEN

(By United Press)

Chicago, April 27.—One Northwestern university freshman was killed and six other persons injured, one seriously, in an automobile wreck which was blamed on a "class war" today.

Louis Aubre, Chicago, was killed. Another freshman, Ralph Williams, Harlan, Kentucky, is unconscious in an Evanston hospital with a fractured skull and posible internal injuries.

An auto containing Aubre, Williams and three other freshmen was reported by police to have been racing on Sheridan road in Wilmett in search of a freshman kidnaped yesterday by sophomores.

The machine was wrecked when it collided with a car driven by Mrs. Arthur D. Winslow. Mrs. Winslow and Mrs. I. W. Jordan returning from a theatre party were also slightly injured.

The freshmen car was declared to have been attempting to evade a car of sophomores who were trying to thwart the search for the kidnaped lower classman.

The class war blamed had been waged at the Northwestern for several years and first reached a stage of intense feeling in 1921 when sophomores began to kidnap freshmen and duck them in Lake Michigan.

Leighton Mount, one of the freshmen abducted at that time was never seen again after he was carried away by the upper classmen.

Kidnaping this year reached a climax yesterday when Dick Howell, freshman and holder of several world swimming records, was seized by sophomores in front of a frat house and whisked away into Wisconsin.

Scroes of freshmen auto parties participated in an all night search for him. An inquest will be held today. The accident brought auto fatalities in Chicago to seven in 24 hours.

INDUSTRY HITTING ON ALL CYLINDERS

(By United Press)

Washington, April 27—Industry throughout the country is turning out its products at a greater rate than in the boom year of 1920 the federal reserve board in its monthly survey of business reported today.

Production in basic industries during March was eight per cent higher than at the 1920 peak and 67 per cent above the low price of the depression year of 1921.

ST. JAMES, MINN., ASKS $17,000 PAVING REFUND

St. James, Minn., April 27—Claims wil be filed by the city of St. James for a $17,000 paving refund under the provisions of the highway reimbursement bill passed by the last legislature. The amount will be asked for paving done on highway No. 16 prior to 1919. A committee consisting of the mayor, city atorney and two aldermen recently visited the highway department, which passed favorably on the paving.

New Tax Limit

Minot, April 27—The new tax limit law of the 1923 legislature will impose a hardship on many school district educators, of the Northwest district determined in their annual district meeting. They believed it would result in reduction of salaries and considered the time inopportune.

FIND SKULL OF OLDEST OF MEN

Remains of Human Being Who Lived Millions of Years Ago.

RELIC OF TERTIARY PERIOD

Fossilized Human Skull Found in Patagonia Said to Antedate by Hundreds of Thousands of Years Any Human Relic Thus Far Discovered—Remains of Civilization Probably Earlier Than That of the Peruvian Incas Found in Santa Cruz.

A fossilized human skull, believed to be of the tertiary geological period, has been unearthed in Patagonia. News of the find was brought to Buenos Aires by Dr. J. G. Wolfe. If it proves authentic, it will antedate by hundreds of thousands of years any human relic thus far discovered.

Doctor Wolfe declared that the fossilization was that of tertiary sandstone, and that there was no doubt it was formerly the skull of a human being, not an accidental formation.

The lower jaw is missing, but otherwise the skull is almost perfect. The eye sockets and—what is still more convincing—the sockets of the teeth in the upper jaw are clearly defined. The cranium is long and oval and the forehead extremely low and sloping. Doctor Wolfe found the skull in the possession of a white settler.

Finds Early Civilization.

The scientist also announced the discovery of ruins of an ancient fortified town in the heretofore unexplored region north of Lake Cardeil, in the territory of Santa Cruz, which he believes to be remnants of a civilization probably earlier than that of the Peruvian Incas.

Sections of walls 45 feet in height, built of blocks each of three cubic feet, cut out of basalt, are still standing.

Doctor Wolfe said the fact that the walls contained arches indicated their builders had reached a comparatively high state of civilization and intellectual attainment. The walls were also carved with strange inscriptions differing from the Aztec, Inca, or the Chibcha in Colombia. He noted one carving in which appeared the representation of an animal resembling the extinct glyptodon. He roughly estimated the age of the ruins at from 2,000 to 3,000 years, but excavations might more definitely determine their age.

Lived Millions of Years Ago.

"The fossilized skull is, of course, that of a man who lived some millions of years ago," said Doctor Wolfe. "The people who lived in the fortified town were comparatively moderns, reckoned by the age of the human race."

The cranium is long and oval and the forehead extremely low and sloping. Doctor Wolfe found the skull in the possession of a white settler.

Finds Early Civilization.

The scientist also announced the discovery of ruins of an ancient fortified town in the heretofore unexplored region north of Lake Cardeil, in the territory of Santa Cruz, which he believes to be remnants of a civilization probably earlier than that of the Peruvian Incas.

Sections of walls 45 feet in height, built of blocks each of three cubic feet, cut out of basalt, are still standing.

Doctor Wolfe said the fact that the walls contained arches indicated their builders had reached a comparatively high state of civilization and intellectual attainment. The walls were also carved with strange inscriptions differing from the Aztec, Inca, or the Chibcha in Colombia. He noted one carving in which appeared the representation of an animal resembling the extinct glyptodon. He roughly estimated the age of the ruins at from 2,000 to 3,000 years, but excavations might more definitely determine their age.

Lived Millions of Years Ago.

"The fossilized skull is, of course, that of a man who lived some millions of years ago," said Doctor Wolfe. "The people who lived in the fortified town were comparatively moderns, reckoned by the age of the human race."

Old Surgery Still Practiced.

Two thousand five hundred years ago Hindus performed surgical operations for cataract by a method which still survives.

NO BIG GAME HUNTING IN 1923

Bag Limits on Fish are Reduced, Bird Laws Revised, Fur Season Changes

MOOSE ARE GIVEN PROTECTION

Trappers' License Required for Taking Fur Bearing Animals of Any Kind

No big game hunting this year, bag limits on fish reduced, sales further restricted, bird laws revised, drastic changes in fur season and nets made contraband are some of the changes made in the 1923 game laws for Minnesota just received by deputy game warden A. P. Cardle.

In regard to the big game, moose were taken from the list and given permanent protection. Deer may be killed during the same season as heretofore, but only on alternate years. This year, (1923) will be closed. The alternate open and closed years was adopted rather than the buck law.

The seasons for fur animals were fixed as follows: black, gray and fox squirrels, black bear, Oct. 15 to Jan. 1st. Raccoon, Oct. 15 to Nov. 15. Mink and fisher, Nov. 15 to March 1st. Muskrat, March 1st to April 30th. Skunk, Oct. 15 to March 1st.

No steel traps may be used in taking bear. Royalty on beaver skins was reduced to $1.50. Trapping muskrats in their houses during open season is permitted provided same are not destroyed. Special provision is made for trapping the rats when in danger of freezing or starvation. Poison is permitted in taking fur animals only by permission of the commissioner.

Under the new law fur dealers will be licensed as follows: local resident buyer's, $1, traveling resident buyers $10, non-resident local or traveling fur buyers, $25. Wholesale fur buyers, $1. All buyers are required to furnish reports requested of them for statistical purposes.

Local sportsman in the small game and fish line, will do well to clip the following changes in the laws that affect them. Trapper's license is now required for taking fur bearing animals of any kind, whether protected or not, with the exception of wolves.

Squirrels and snowshoe rabbits may now be taken under the small game license, instead of the trapping license. The form of small game license is changed to permit this.

Non-residents are prohibited from taking any wild quadruped or bird whether protected or not, in this state, without a license.

A commission of 10 per cent will now be allowed to be paid agents selling non-resident angling licenses, fish-house and whitefish netting licenses.

In regard to the bird laws, the bag limits are changed to permit taking of only three male Chinese ringneck pheasants in a day and three for a season, two wood ducks in a day, and not more than 135 wild ducks in any one season.

The season for Chinese ringneck pheasants is from Oct. 15 to Oct 18. Quail and ruffed grouse or partridge shortened to end Nov. 20 instead of Nov. 30th. All upland bird seasons to be open on alternate years as heretofore. No change in prairie chicken and sharp-tailed grouse laws. Shooting from sink boxes or from permanent artificial blinds built in public waters is prohibited.

The taking of fish by angling through the ice in the night time by the aid of artificial light is prohibited. The law relating to the taking of minnows for bait is drastically changed to prohibit taking same from a lake which has been stocked with game fish during the previous three years, also to compel careful sorting of young game fish and crap from bait minnows, the former to be carefully returned to the water and the latter destroyed.

The bag limits of black bass are changed to permit taking of 10 a day and allow 20 in possession. The same limits are allowed for daily catch and number in possession of wall-eyed pike as for bass. Other limits of fish were not changed.

The sale of crappies, sunfish, rock bass and sand pike is now prohibited, in addition to trout, muskellunge, black bass and wall-eyed pike heretofore prohibited.

About the only relaxation in the law relating to fish was a provision adopted permitting the use of artificial lights in spearing carp, dogfish, suckers, redhorse and garfish in inland waters from March 20th to April 20th, and in interstate waters from Sept. 15 to Nov. 15th. This is in addition to the previous law which permitted the use of artificial lights in spearing carp, dogfish, sheepshead, redhorse, catfish, suckers, eelpout, garfish, bullheads, whitefish and buffalofish in streams only between April 20th and June 1st, which was not repealed.

Under the new law, fish nets, unless licensed and tagged, are contraband and may be seized and destroyed wherever found. Nets which may be lawfully used in taking whitefish, tullibees and lake herring, may be licensed and tagged. Minnow nets, dip nets in hands of dealers and nets of commercial fishermen are exempt from this provision.

The laws heretofore prohibited hunting with headlights. To this was added a provision making it unlawful to carry a headlight and a firearm of any kind at the same time.

Additional protection for frogs was given by prohibiting their shipment out of the state for commercial purposes and also prohibiting the taking of them by means of cloth screens and pitfalls or similiar contrivances.

The state bounty for wolves was doubled and is now $15 for adult wolves and $6 for pups.

The law providing penalties for infraction of the game laws was strengthened by fixing a minimum penalty of $25 for the second or subsequent offenses in cases where the minimum for the first offense is $10. Other penalties remain the same.

Complete revision of the game law booklets and synopsis is being prepared by the Game and Fish Department and will be ready for distribution in a short time.

Examinations to Be Held in Eleven Cities in May

Chauffeurs' examinations will be held in eleven Minesota cities in May, W. R. Tebo, chairman of the state board of chauffeurs' examiners, announced today.

The cities are St. Cloud, Brainerd, Bemidji, Glenwood, Fergus Falls, Rochester, Fairmont, New Ulm, Albert Lea, Faribault and Mankato.

Dates for St. Cloud were set for May 1 and 2 and at Glenwood May 3. Other dates will be announced later.

CEMENT CAN BE MADE FROM MARL AND CLAY

Portland cement can be made from marl and clay, of as good quality as that made from other raw materials, according to a bulletin of the engineering experiment station, University of Minnesota, which has investigated the subject in accordance with a request of the 1921 legislature.

Minnesota, Prof. Kirk says, has a large amount of marl. The question is, he declares, whether the character and location of those deposits would make feasible their use in profitable cement manufacture. To determine the answer to these questions he suggests a further investigation.

Capital of not less than $3,000,000 would be needed to erect a satisfactory plant for making cement from marl, according to Mr. Kirk. He estimates that 320 acres of marl 20 feet deep would be needed to supply a 2,000 barrel mill for 30 years.

Fur Coat Claimed Worth $800 Traded by Transient for Diamond Ring

Three strangers, representing themselves to be connected with the Scotch navy, and talking with a decided Highland brogue, visited the city Friday, and got into considerable trouble.

One of their number traded a fur coat, purported to be worth about eight hundred dollars, to a Brainerd lady for a valuable diamond ring, the transaction taking place at one of the local jewelry stores.

The coat was later appraised by a local furrier as being worth in the neighborhood of one hundred dollars. After considerable difficulty the offending Scotchman was taken to the police station and required to return the ring and was given the coat in exchange.

It is stated by several who have seen them work before, that the visitors are not from the British navy, but live in the United States and have been working their "game" in the twin cities and elsewhere in this state, getting by with it nicely until they reached Brainerd.

At the depot they stated that they were on their way to New York and home, being transfered from the Pacific coast where they have been stationed for the past two years. They wore blue uniforms and caps with naval insignia, and carried large canvas bags containing their personal effects. The trio left on the afternoon train for the cities.

IF SKIN BREAKS OUT, IS FIERY, ITCHY OR ROUGH, USE SULPHUR

Just the moment you apply Mentho-Sulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place.

Because of its germ destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness.

You do not have to wait for improvement. It quickly shows. You can get a little jar of Rowles Mentho-Sulphur at any drug store.—Advt.

Realize what Kellogg's Bran means to your family's health?

Eaten regularly each day, Kellogg's Bran will permanently relieve constipation; it will free you from dangerous toxic poisons that lead to 90% of all human illness; it will remove the cause and sweeten a bad breath; it will clear a pimply complexion through its work on the bowels. In fact, Kellogg's Bran, through its natural action as a bulk, indigestible agent, will tone-up the whole system!

If you knew exactly what constipation means from a medical view-point you would lose no time eating Kellogg's Bran yourself and serving it daily to your family. And, Kellogg's is actually delicious, its nut-like flavor adding greatly to the enjoyment of eating cereals. Eat at least two tablespoonfuls each day; in chronic cases, with each meal.

There are many attractive ways to serve Kellogg's Bran. Eat it in winter with hot milk as a cereal. Or, mix it with cereals before serving. Many housewives cook it with cereals, in each case adding two tablespoonfuls for each person. You will also enjoy the nut-like flavor of Kellogg's Bran when it has been sprinkled over hot or cold cereals.

You have missed some of the joys of life if you have not eaten raisin bread, muffins, griddle-cakes, etc., made with Kellogg's Bran. Recipes are printed on each box.

Don't delay your fight against constipation; don't lose a minute in the great battle against illness! You can buy Kellogg's Bran from all grocers and you can have it served in individual packages at first-class hotels, restaurants and clubs.

IF SKIN BREAKS OUT, IS FIERY, ITCHY OR ROUGH, USE SULPHUR

Just the moment you apply Mentho-Sulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place.

Because of its germ destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness.

You do not have to wait for improvement. It quickly shows. You can get a little jar of Rowles Mentho-Sulphur at any drug store.—Advt.

Realize what Kellogg's Bran means to your family's health?

Eaten regularly each day, Kellogg's Bran will permanently relieve constipation; it will free you from dangerous toxic poisons that lead to 90% of all human illness; it will remove the cause and sweeten a bad breath; it will clear a pimply complexion through its work on the bowels. In fact, Kellogg's Bran, through its natural action as a bulk, indigestible agent, will tone-up the whole system!

If you knew exactly what constipation means from a medical view-point you would lose no time eating Kellogg's Bran yourself and serving it daily to your family. And, Kellogg's is actually delicious, its nut-like flavor adding greatly to the enjoyment of eating cereals. Eat at least two tablespoonfuls each day; in chronic cases, with each meal.

There are many attractive ways to serve Kellogg's Bran. Eat it in winter with hot milk as a cereal. Or, mix it with cereals before serving. Many housewives cook it with cereals, in each case adding two tablespoonfuls for each person. You will also enjoy the nut-like flavor of Kellogg's Bran when it has been sprinkled over hot or cold cereals.

You have missed some of the joys of life if you have not eaten raisin bread, muffins, griddle-cakes, etc., made with Kellogg's Bran. Recipes are printed on each box.

Don't delay your fight against constipation; don't lose a minute in the great battle against illness! You can buy Kellogg's Bran from all grocers and you can have it served in individual packages at first-class hotels, restaurants and clubs.

BRAINERD'S CRYING NEED

BRAINERD may need a number of things that would improve the city but there is one need that outranks others and which reflects discredit upon the citizens of this city. Brainerd needs an athletic field. Merchants have very generously contributed to a fund to be devoted to improving tourist grounds that the summer visitors may have every reasonable facility while they are in our midst. Such an object is good—good in two ways, it will add to the enjoyment of tourists and it will yield returns to the contributors to the fund.

It is a matter of congratulation that the business men have donated to such a worthy cause, but there is a cause which is vastly more important to Brainerd than the provision of a sanitary and comfortable tourist camp, and that is the construction of an athletic field on which the youth of the city may play those games that appeal to youth. No such field is to be found. The high school baseball team is compelled to use the West Brainerd ground this season, and this ball field—if such a name may be given to the rough and broken ground—requires a great deal of attention before it will be suitable for the purpose for which it is called into use.

The newspapers have been full of stories of child delinquency, a great deal has been said from public platforms about the necessity that rests upon the public in this regard, which calls for the making of provision for the youth of the generation. Experts have said that one of the best remedies is to be found in affording suitable recreation for the young people. But before youth can get out and exercise itself a place must be found for that purpose. Brainerd has no such field, and although attention has been called to this grave failure in the past, no attempt has been made to provide a suitable athletic field.

The greatest asset this city has, lies in the youth of the city. They will carry it on when those who are active now have ceased their activities, and they deserve consideration from those who are active today. To cry over or criticize the mistakes of youth while failing to provide for youth is not likely to save youth.

Brainerd has sent out one citizen who has made a name for himself and brought honor to this city through his athletic prowess. Brainerd can honor him by building an athletic field and naming it after Leslie Bush. It is probably too late in the year to attempt to secure and prepare a suitable ground for this season, but something might be started looking to next season. For this season the grounds at West Brainerd might be put in shape. A committee of the Lions club has this matter in hand, and if this city is to redeem itself, something must be done to improve a field at once. What visiting teams say of Brainerd after they have been required to play on the present ground would not make good advertising for Brainerd. This is a crying need, which, for the honor of the city, the building of the character of our youth, and the convenience of youthful visitors, must be met.

SWINGING TOWARDS PROSPERITY

IT is unfortunate that the tide in industry does not always stay on the flow. It flows and ebbs, ebbs and flows. Because of this there are periods of depression, when wages are reduced, and with a reduction of wages, strikes sometimes follow, and there is an upset that interferes with the relations of employer and employe. It would be well if wages were always high, for high wages are an evidence of all round prosperity. But this cannot be, and the employer no more likes to see his returns cut than the worker enjoys a reduction in wages.

Brainerd rejoices in seeing the return of better days which is indicated by the increase of wages to employes of the Northwest Paper company's mill. This increase reflects a rising tide of prosperity that is general throughout the United States. Labor is scarce and wages are on the increase. It is to be expected that a study of the rise and fall of demand will lead to a steady advance in the methods of meeting the conditions, resulting from the operation of the force controlled by the law of supply and demand, so that in time the periods of prosperity and adversity will not cause such sharp and hurtful extremes. The Department of Commerce of the United States is working upon this problem which is as old as modern industrialism, and while there will be times of strong demand and periods when the demand weakens in the future, it is to be hoped that these may not know the extremes of the past.

This more hopeful period ought to see a better cooperation of capital and labor looking to the elimination of some of the abuses that grow out of the fluctuations of trade.

BRAINERD'S NEW HOTEL

THE announcement of plans for building a new hotel, on the site made black and unseemly by the disastrous fire at the corner of Seventh and Laurel streets, shows that there is a new-born confidence in the future of this city. A new hotel building would stand as a tribute to the confidence of those who backed the project and it would be an added incentive to investors to go ahead and invest their holdings in property in this city.

It has been considered as certain that a new hotel would be built in Brainerd before long. The increase in the size of the city, leading to an increase of visitors called here on business, and the increase in tourist travel through the city has made a demand for better hotel facilities. If this demand is to be met by local interests, as it looks at present as though it would be, the confidence expressed by those who back the project will augur well for Brainerd's future.

In reading the story of cities in California and other places to which visitors have been attracted in large numbers, it is found that the people in those cities have seen the necessity of providing modern hotel accommodation, if they expected the cities to attract visitors. This is true of Brainerd. The city is the gateway to the Ten Thousand Lakes, but tourists will not stop at the gateway but will pass through to other points unless accommodation is provided for them that is modern in every respect.

Brainerd will reap large returns from an investment in a new, modern hotel.

WRONGS ARE WRONGS

IN dealing with the political situation in Great Britain, Lloyd George calls attention to the phenomenal growth of the socialist vote in Britain during recent years. He shows that in the last election the socialists secured 4,251,011 votes while the conservative party which won the election polled only 5,467,871 votes.

Encouraged by this showing, the socialist party was prepared to offer its motion on the floor of the house of commons, asking, in substance, that public ownership of production and distribution be substituted for the capitalistic system which has failed. The ex-premier of Britain sees in this challenge of the socialist forces the beginning of a campaign that will be the most bitterly contested of any in England in recent years.

Impressed by the seriousness of the situation he directs his attention to the means that must be employed to arrest the growth of sentiment opposed to the present order. He concedes that it will not be easy to stem the tide because, unlike the United States, the most of the British are employed in workshops, factories and mines. In the United States 60 per cent of the population is still upon land while in England barely 10 per cent of the workers are engaged in cultivating the soil. The result of this is that in England, where the people are living in close quarters, everything spreads rapidly and the individual is affected by the emotions of the crowd.

As to the methods that may be employed in saving the situation, Lloyd George has this to say, and it is worth repeating: "The trouble can only be averted in two ways. One is systematic inculcation of sound doctrines of economic truth into the minds of the working people of this country.

"The second, and more important, is the rooting out of social evils which furnish the revolutionary with striking and indisputable object lessons of the failure of the capitalistic system as an agent of human happiness. Without the latter the former effort will be futile."

These words are worth considering carefully. Calling wrong right does not make wrong right. Wrong must be eliminated and the right must take its place. The present system can only be saved if it makes good. Everything is measured by the pragmatic test, and that which does not work, and work efficiently, will be scrapped in the end. The "survival of the fitttest" is not confined to physical organisms, it operates upon systems also, and the fittest survive.

FROM THE FARM TO THE RAILROAD

MICHAEL MAREA is going back to his chosen avocation. The railroad calls him again after his six years in the ten thousand lakes region and his activities on the farm and in farm organizations.

The people of Brainerd and Crow Wing county regret that Mr. Marea has decided to leave this vicinity but they are glad that he has secured a good position of the kind to which he had given his life until ill health brought about an enforced vacation. They have found in this man one who has a large sympathy; a broad understanding of life in its many phases; a knowledge of the life of the man who toils and the man who superintends; an appreciation of the attitudes that are responsible for the operations of different groups in the social organism; and a genial, unassuming and happy disposition that brings a quick response from those who meet him.

If there were more men built as "Mike" Marea is built this world would be a more agreeable one in which to live. He likes the out-of-doors; he respects the opinions of others; he understands the position of the man who labors; appreciates the struggle of the farmer; and as a superintendent, with authority to give orders, he knows what to expect from those who toil. Few men have the broad viewpoint of Michael Marea.

Demands of Teachers

Fargo, April 26—Not only the living wage but compensation sufficient for him to maintain a befitting place in society, keep a breast with the developments in his profession, and provide for himself and his dependents in old age should be the demand of the teacher. This was among the points in the code of ethics for the teaching profession presented before the southwest division of the state educational association by Miss Caroline Evenson, superintendent of schools in Cass county.

The code, patterned on the Pennsylvania, one of twelve, made also these other provisions:

Professional attitude; open minded duty of education; criticism only with aim to heipfulness and improvement, fidelity to contract; cooperation open mindedness and courtesy with parents of pupils; never to become agent or receive commissions from publishers and supply houses. Very minute were the regulations relating to seeking of new positions.

Never apply until position sought is vacant or about to become vacant; upon accepting appointment notify other districts where applications have been sent.

Conservation of Forests

St. Paul, April 27—Conservation of the forests and the protection of wild life was urged today by Governor Preus in his annual arbor and bird day proclamation.

Schools and institutions throughout the state held official observance of the day.

Gov. Preus pointed out the need for a forest supply, both for commerce watershed protection and recreation and pointed out that much of the annual forest fire loss is caused by carelessness.

The governor urged planting of trees and gardening.

"He who plants a tree," the governor quoted, "is a servant of God".

Student Boards

Minneapolis, April 27—Vacancies on three student boards will be filled at an election of the U of Minnesota today.

Every position on the All University council and the Board of Publishers is vacant and six new members are to be named to the Minnesota Union Board of Governors.

The All-University Council, which has thirteen members, directs the activities of the student bodies and the Board of Publishers has charge of three principal campus publications. The Minnesota Union, operates under its board of governors.

Mistreating Girls

Bismarck, Apl. 27—Rev. A. Masoisbige of Korona, Fla., writes to Gov. R. A. Nestos, complaining that convict bosses in his state had mistreated young girls. The appeal undoubtedly was sent to the North Dakota governor because of the universal uprising in this state and the effective methods used to seek redress when the cruel death of Martin Tabert, young boy of Munich, N. D., was reported from a Florida prison camp.

Demands of Teachers

Fargo, April 26—Not only the living wage but compensation sufficient for him to maintain a befitting place in society, keep a breast with the developments in his profession, and provide for himself and his dependents in old age should be the demand of the teacher. This was among the points in the code of ethics for the teaching profession presented before the southwest division of the state educational association by Miss Caroline Evenson, superintendent of schools in Cass county.

The code, patterned on the Pennsylvania, one of twelve, made also these other provisions:

Professional attitude; open minded duty of education; criticism only with aim to helpfulness and improvement, fidelity to contract; cooperation open mindedness and courtesy with parents of pupils; never to become agent or receive commissions from publishers and supply houses. Very minute were the regulations relating to seeking of new positions.

Never apply until position sought is vacant or about to become vacant; upon accepting appointment notify other districts where applications have been sent.

Conservation of Forests

St. Paul, April 27—Conservation of the forests and the protection of wild life was urged today by Governor Preus in his annual arbor and bird day proclamation.

Schools and institutions throughout the state held official observance of the day.

Gov. Preus pointed out the need for a forest supply, both for commerce watershed protection and recreation and pointed out that much of the annual forest fire loss is caused by carelessness.

The governor urged planting of trees and gardening.

"He who plants a tree," the governor quoted, "is a servant of God".

Student Boards

Minneapolis, April 27—Vacancies on three student boards will be filled at an election of the U of Minnesota today.

Every position on the All University council and the Board of Publishers is vacant and six new members are to be named to the Minnesota Union Board of Governors.

The All-University Council, which has thirteen members, directs the activities of the student bodies and the Board of Publishers has charge of three principal campus publications. The Minnesota Union, operates under its board of governors.

Mistreating Girls

Bismarck, Apl. 27—Rev. A. Masoisbige of Korona, Fla., writes to Gov. R. A. Nestos, complaining that convict bosses in his state had mistreated young girls. The appeal undoubtedly was sent to the North Dakota governor because of the universal uprising in this state and the effective methods used to seek redress when the cruel death of Martin Tabert, young boy of Munich, N. D., was reported from a Florida prison camp.

Tonic Pills

The Old Reliable Family Remedy for Building Up the System, Nervous Disorders, Insomnia, etc.

Neglect of sleeplessness, depression and nervous disorders of any kind, is extremely dangerous. All too many men and women, compelled to go out into the world and battle for a living, neglect their health to such an extent that a nervous breakdown is the inevitable result. It is best to be warned in time, so that these nervous ailments may be checked. Read what Frank Sprencel of 452 W. Jefferson St., Valparaiso, Indiana, says:

"Dr. A. W. Chase's Tonic Pills are helping me in every way possible as I was in very bad shape when I began the use of them. I am feeling better every day. The treatment is working wonders in my case, as my case is about thirty-eight years standing."

"Sherlock Holmes" at Lyceum With John Barrymore and Carol Dempster

Carol Dempster, seen as the Alice Faulkner to the Sherlock Holmes of John Barrymore in the picture, "Sherlock Holmes," showing at the Lyceum theatre tonight and Saturday, is one of the most popular leading women of the screen. She was discovered and developed by D. W. Griffith with whose productions she has been almost exclusively concerned in the past. She achieved her greatest success with him in "Dream Street." She began her career as a dancer under the direction of Ruth St. Denis.

A wise man was saying good words about coeducation, and suggested that a young couple might as well become engaged during college days. When asked why, he replied: "Then, for instance, if the girl specializes on mathematics, the boy can take cooking lessons."

Scene from THE FOUR HORSEMEN *of the* APOCALYPSE"

One of the famous Parisian dance palaces of pre-war days—and which since has become the target for reformers' crusades—was reconstructed on the grounds of Metro's West Coast studios in Hollywood, Cal., as a setting for one scene of "The Four Horsemen of the Apocalypse," the colossal Rex Ingram production of the world-famous novel by Vicente Blasco Ibanez, to be shown at the New Park on Saturday and Sunday.

Rodolph Valentino, enacting the leading male role in the picture, is called upon, as the famous tango leader, to execute some of the dances for which he gained an international reputation. Alice Terry, as Marguerite, the heroine of the story, received careful instruction from Mr. Valentino in the intricacies of the tango and other Brazilian dances which are seen in this screen adaptation by June Mathis of the famous novel.

CITY'S PROGRESS PLEASES

Company Now Has 371 Stores Throughout United States, Expect to Start 100 More

C. A. Priess of Grand Forks, N. D., a representative of the J. C. Penney company, was in the city today and made a close inspection of the business section with the view of probably locating a branch store in Brainerd. The Penney company now has 371 retail stores and expects to start 100 more this fall and Brainerd may be one of the contemplated branches.

The company has stores near by in St. Cloud, Little Falls and Bemidji. Mr. Priess was pleased with the growth and spirit shown in Brainerd and commented on the wide area covered by the business section which in his opinion no where seemed to congest at any point but to spread out.

IN MUNICIPAL COURT

Thomas Hubbard, Charged With Appropriating Watch, Pleaded Guilty

Thomas Hubbard, known locally as "California Ike" a nineteen year old youth working for Peter Jones, was arrested Thursday, charged with appropriating a watch belonging to M. Myrick.

Hubbard tried to get out of town, but was caught by Chief Erick Graff under the Laurel street bridge across the Mississippi river.

In municipal court he plead guilty and was certified to the juvenile court on account of his age.

Hubbard will be remembered as the boy who, while riding horseback several months ago, collided with an automobile driven by J. A. Joncas, with quite a little damage to the car and none to the horse or rider.

Two cases of intoxication were aso tried in municipal court Friday morning. Harry Newall plead guilty to this charge and was fined ten dollars or ten days. He will serve his sentence.

C. R. Kilty, a traveling salesman was the other charged with the same offense, and given the same fine. He chose to pay the $10.

Shower for Bride-to-be

A shower was held Thursday evening at the home of Martin Larson for Miss Tina Larson, bride-to-be.

A mock wedding was staged during the evening, Miss Florence Nesheim acting as bride and Ralph Larson as groom. Miss Nesheim was dressed in white and carried a bouquet of yellow flowers. Both parties carried off their parts in true wedding style.

Miss Larson received many beautiful and useful gifts, the presents being carried in a small wagon and presented to the bride-to-be by the principals in the mock wedding.

A delicious luncheon was served at the close of the evening. Some thirty friends were present and enjoyed a most delightful time.

Just One Hour Each Day.

An hour wasted daily on trifles or indolence would, if devoted to self-improvement, make an ignorant man or woman wise in a few years, and, employed in good works, would make a life fruitful and death a harvest of worthy deeds. Fifteen minutes a day devoted to self-improvement will be felt at the end of a year.—Samuel Smiles.

EARLY SPRING FISHING

Game Warden Confiscates Nets and Fish of a Crosby Fisherman

Deputy Game Warden A. P. Cardle returned from Crosby Friday in which vicinity he has been conducting a campaign against the usual spring infringements of the state game laws.

Nathn Zaukko, charged with taking game fish from Mahnomen lake and using a fish net, was found guilty in municipal court at Crosby Thursday and was fined $100 or 90 days in jail, by Judge J. B. Johnson.

In Zaukko's possession were found 3 black bass, 8 crappies, 3 rock bass, and 3 sunfish. His net, a home-made affair, was confiscated.

Edward Entila and Oscar Carlson were also arraigned for spearing pickerel. Both boys are minors, and were put on six weeks probation, to report each week to the court.

Veterans' Bureau Trainees Raise Poultry

There are approximately 140 disabled veterans taking project training in agriculture in the five colonies located at Orchard Gardens, Veteransville, Moose Lake, Sliver Star, and Onamia, Minnesota. With the coming of spring they are planning many new departments in their work, and the first to attract attenion is the foundation they are laying for a big poultry output from their productive poultry stocks.

As a rule, they are buying day-old chicks in preference to buying and incubating eggs. In every case the chicks come from selected laying strains of hens. The principal variety is the white Leghorn. It is estimated that 400 day-old chicks will give a man 100 very choice laying pullets. Losses, rejection and sale of unpromising birds and cockerels will account for the other 300.

The 28 men at Orchard Gardens plan on about 600 chicks each or a total of 16,800 for the colony. The 16 men near Onamia will go into poultry less extensively and will purchase only 2600 chicks. The Veteransville project with 32 men will buy or incubate only about 3,000 chicks as they are looking forward to a more general type of farming. Silver Star with 12 men, plans on 1,000 chicks. A portion of the colony of 52 men at Moose Lake will engage extensively in the poultry industry, the present orders calling for 15,700 chicks.

The above gives a grand total of 39,100 chicks already ordered for these projects. On the conservative basis of one-fourth of them becoming desirable laying pullets, these men will enter the producing season with approximately 10,000 laying hens.

These hens will be one of the first productive factors in the farm experience of these disabled soldiers, and upon the moderate estimate of $1.50 net from each hen, will return them the tidy sum of $15,000 from this one source alone.

CITY'S PROGRESS PLEASES

Company Now Has 371 Stores Throughout United States, Expect to Start 100 More

C. A. Priess of Grand Forks, N. D., a representative of the J. C. Penney company, was in the city today and made a close inspection of the business section with the view of probably locating a branch store in Brainerd. The Penney company now has 371 retail stores and expects to start 100 more this fall and Brainerd may be one of the contemplated branches.

The company has stores near by in St. Cloud, Little Falls and Bemidji. Mr. Priess was pleased with the growth and spirit shown in Brainerd and commented on the wide area covered by the business section which in his opinion no where seemed to congest at any point but to spread out.

IN MUNICIPAL COURT

Thomas Hubbard, Charged With Appropriating Watch, Pleaded Guilty

Thomas Hubbard, known locally as "California Ike" a nineteen year old youth working for Peter Jones, was arrested Thursday, charged with appropriating a watch belonging to M. Myrick.

Hubbard tried to get out of town, but was caught by Chief Erick Graff under the Laurel street bridge across the Mississippi river.

In municipal court he plead guilty and was certified to the juvenile court on account of his age.

Hubbard will be remembered as the boy who, while riding horseback several months ago, collided with an automobile driven by J. A. Joncas, with quite a little damage to the car and none to the horse or rider.

Two cases of intoxication were aso tried in municipal court Friday morning. Harry Newall plead guilty to this charge and was fined ten dollars or ten days. He will serve his sentence.

C. R. Kilty, a traveling salesman was the other charged with the same offense, and given the same fine. He chose to pay the $10.

Shower for Bride-to-be

A shower was held Thursday evening at the home of Martin Larson for Miss Tina Larson, bride-to-be.

A mock wedding was staged during the evening, Miss Florence Nesheim acting as bride and Ralph Larson as groom. Miss Nesheim was dressed in white and carried a bouquet of yellow flowers. Both parties carried off their parts in true wedding style.

Miss Larson received many beautiful and useful gifts, the presents being carried in a small wagon and presented to the bride-to-be by the principals in the mock wedding.

A delicious luncheon was served at the close of the evening. Some thirty friends were present and enjoyed a most delightful time.

EARLY SPRING FISHING

Game Warden Confiscates Nets and Fish of a Crosby Fisherman

Deputy Game Warden A. P. Cardle returned from Crosby Friday in which vicinity he has been conducting a campaign against the usual spring infringements of the state game laws.

Nathn Zaukko, charged with taking game fish from Mahnomen lake and using a fish net, was found guilty in municipal court at Crosby Thursday and was fined $100 or 90 days in jail, by Judge J. B. Johnson.

In Zaukko's possession were found 3 black bass, 8 crappies, 3 rock bass and 3 sunfish. His net, a home-made affair, was confiscated.

Edward Entila and Oscar Carlson were also arraigned for spearing pickerel. Both boys are minors, and were put on six weeks probation, to report each week to the court.

Veterans' Bureau Trainees Raise Poultry

There are approximately 140 disabled veterans taking project training in agriculture in the five colonies located at Orchard Gardens, Veteransville, Moose Lake, Sliver Star, and Onamia, Minnesota. With the coming of spring they are planning many new departments in their work, and the first to attract attenion is the foundation they are laying for a big poultry output from their productive poultry stocks.

As a rule, they are buying day-old chicks in preference to buying and incubating eggs. In every case the chicks come from selected laying strains of hens. The principal variety is the white Leghorn. It is estimated that 400 day-old chicks will give a man 100 very choice laying pullets. Losses, rejection and sale of unpromising birds and cockerels will account for the other 300.

The 28 men at Orchard Gardens plan on about 600 chicks each or a total of 16,800 for the colony. The 16 men near Onamia will go into poultry less extensively and will purchase only 2600 chicks. The Veteransville project with 32 men will buy or incubate only about 3,000 chicks as they are looking forward to a more general type of farming. Silver Star with 12 men, plans on 1,000 chicks. A portion of the colony of 52 men at Moose Lake will engage extensively in the poultry industry, the present orders calling for 15,700 chicks.

The above gives a grand total of 39,100 chicks already ordered for these projects. On the conservative basis of one-fourth of them becoming desirable laying pullets, these men will enter the producing season with approximately 10,000 laying hens.

These hens will be one of the first productive factors in the farm experience of these disabled soldiers, and upon the moderate estimate of $1.50 net from each hen, will return them the tidy sum of $15,000 from this one source alone.

WORKING ON NEW TOURIST CAMP

Carl Wright, Chairman of Committee in Charge, Reports to Civic & Commerce Association

CONTRACTS HAVE BEEN LET

Dr. J. A. Thabes Spoke on Matter of Completing Work on Road North of Merrifield

Work on the new tourist camp site at White park is progressing rapidly, according to the report made by Carl Wright, chairman of the committee in charge of this work, at the regular meeting of the Brainerd Civic and Commerce Association on Wednesday night.

Mr. Wright reported that contracts have been let for the laying of the sewer and for the building which will be occupied by the caretaker, where the registry of visitors will be kept and other business transacted. The caretaker is at present cleaning up the grounds which will take about one week, after which he will be laid off until the tourist season starts.

Dr. J. A. Thabes spoke on the matter of completing the work on the road north of Merrifield, which runs on the west side of Pelican and Lake Edward. Work on this road was commenced last season. On motion a committee was appointed to wait on the county commissioners to request that this road be completed this summer.

Henry I. Cohen, chairman of the fire prevention committee which worked with a delegation who inspected the city from the fire hazard viewpoint, submitted a written report of the findings of his committee, in which it was recommended that all matters pertaining to proper electrical wiring be referred to the city engineer.

Carl Wright stated that the Brainerd Gun Club requested him to bring up the matter of the trapshooting tournament which the local club will hold in the city on June 12th, as a preliminary to the state shoot to be held at Breezy Point Lodge on June 14th.

It was stated that at least 300 from this state and many from all points in the United States will come for the state shoot, some bringing their families and will probably spend a few days in this vicinity. The association will appoint a committee to work with the Brainerd Gun Club to assist in entertaining these visitors.

A communication was read from Mrs. E. P. Slipp in regard to the Near East Relief, and the matter was referred to the educational and social welfare committee.

MRS. LAURA DAVIS DIED

Was Wife of Francis David—Funeral to Be Held on Saturday Afternoon

Mrs. Laura Davis, wife of Francis Davis of city, passed away Thursday morning at four o'clock.

Mrs. Davis was the daughter of Mrs. and Mrs. E. D. Morris of Barrows. She was born in Coggon, Iowa, February 5th, 1899. The family have lived in Barrows for a number of years.

Deceased was married in October of last year to Francis Davis, and leaves to mourn her loss in addition to her husband and her parents, two brothers, Albert, aged 21 and George, 6 years old, her aunt and uncle Mr. and Mrs. A. D. Holcombe and family of Crosby and her grandparents of Hopkinton, Iowa.

E. D. Morris, her father is in Los Angeles, California, where he has spent the past winter on account of ill health, and cannot be present at the funeral which will be held on Saturday afternoon at 2 o'clock from the McNamara chapel and 2:30 from the Baptist church, Rev. Arthur Smith officiating.

The remains may be viewed at the chapel until the hours of the services, but the casket will not be opened at the church.

DISPATCH FUND FOR TOURIST CAMP SITE

At the close of the canvass instituted by the Brainerd Civic & Commerce Association, Chairman W. H. Cleary suggested that the Dispatch receive the cash donations of any other citizens wishing to contribute and who might have been overlooked in the appeal for funds.

The first to contribute to the Dispatch fund is the Lyceum theatre which handed in its check of $10 on Thursday evening.

Lake Region Librarians In St. Cloud May 11-12

The Lake Region Library Club, consisting of librarians and library board members of about fifteen libraries in Central Minnesota, will meet in St. Cloud Friday and Saturday, May 11th and 12th. Mrs. Marie Brick librarian of the public library went to Brainerd Sunday to confer with Mrs. Jones of the Brainerd public library and president of the Lake Region Libray Club, in regard to the meeting.

These conventions are held annually in the spring for the purpose of discussing the various problems of the medium sized cities of this section, and to consult about ways and means for the betterment and growth of the institution represented. The meetings will be held in the auditorium of the public library.

Miss Clara Baldwin, director of the library division of the educational department of the state, and Miss Harriet Wood, director of school libraries, are members of the club and will deliver some very interesting and practical papers. Miss Baldwin has also consented to talk to the students in vocational training, in the high schools, on librarianship as a profession.

The public is cordially invited to attend all meetings. People living in rural communities are especially urged to listen to Miss Baldwin's talk on serving the rural communities from the library.

The program will be published later.

Henry I. Cohen, chairman of the fire prevention committee which worked with a delegation who inspected the city from the fire hazard viewpoint, submitted a written report of the findings of his committee, in which it was recommended that all matters pertaining to proper electrical wiring be referred to the city engineer.

Carl Wright stated that the Brainerd Gun Club requested him to bring up the matter of the trapshooting tournament which the local club will hold in the city on June 12th, as a preliminary to the state shoot to be held at Breezy Point Lodge on June 14th.

It was stated that at least 300 from this state and many from all points in the United States will come for the state shoot, some bringing their families and will probably spend a few days in this vicinity. The association will appoint a committee to work with the Brainerd Gun Club to assist in entertaining these visitors.

A communication was read from Mrs. E. P. Slipp in regard to the Near East Relief, and the matter was referred to the educational and social welfare committee.

MRS. LAURA DAVIS DIED

Was Wife of Francis David—Funeral to Be Held on Saturday Afternoon

Mrs. Laura Davis, wife of Francis Davis of city, passed away Thursday morning at four o'clock.

Mrs. Davis was the daughter of Mrs. and Mrs. E. D. Morris of Barrows. She was born in Coggon, Iowa, February 5th, 1899. The family have lived in Barrows for a number of years.

Deceased was married in October of last year to Francis Davis, and leaves to mourn her loss in addition to her husband and her parents, two brothers, Albert, aged 21 and George, 6 years old, her aunt and uncle Mr. and Mrs. A. D. Holcombe and family of Crosby and her grandparents of Hopkinton, Iowa.

E. D. Morris, her father is in Los Angeles, California, where he has spent the past winter on account of ill health, and cannot be present at the funeral which will be held on Saturday afternoon at 2 o'clock from the McNamara chapel and 2:30 from the Baptist church, Rev. Arthur Smith officiating.

The remains may be viewed at the chapel until the hours of the services, but the casket will not be opened at the church.

DISPATCH FUND FOR TOURIST CAMP SITE

At the close of the canvass instituted by the Brainerd Civic & Commerce Association, Chairman W. H. Cleary suggested that the Dispatch receive the cash donations of any other citizens wishing to contribute and who might have been overlooked in the appeal for funds.

The first to contribute to the Dispatch fund is the Lyceum theatre which handed in its check of $10 on Thursday evening.

Lake Region Librarians In St. Cloud May 11-12

The Lake Region Library Club, consisting of librarians and library board members of about fifteen libraries in Central Minnesota, will meet in St. Cloud Friday and Saturday, May 11th and 12th. Mrs. Marie Brick librarian of the public library went to Brainerd Sunday to confer with Mrs. Jones of the Brainerd public library and president of the Lake Region Library Club, in regard to the meeting.

These conventions are held annually in the spring for the purpose of discussing the various problems of the medium sized cities of this section, and to consult about ways and means for the betterment and growth of the institution represented. The meetings will be held in the auditorium of the public library.

Miss Clara Baldwin, director of the library division of the educational department of the state, and Miss Harriet Wood, director of school libraries, are members of the club and will deliver some very interesting and practical papers. Miss Baldwin has also consented to talk to the students in vocational training, the high schools, on librarianship as a profession.

The public is cordially invited to attend all meetings. People living in rural communities are especially urged to listen to Miss Baldwin's talk on serving the rural communities from the library.

The program will be published later.

DEVELOPING ATHLETES IN U. S. ARMY

By HENRY L. FARRELL
United Press Sports Editor

New York, April 27.—Since such highly successful results were acquired in the development of the physical and moral condition of the soldiers by extensive athletics in the training camps during the war times, the war department has gone into the promotion of athletics in the service on a large scale.

In the Third Army Corps, with headquarters at Camp Meade, near Baltimore, the post-war activities of the service have been developed to a conspicuous point of perfection.

Charley Herzog, former major league manager and player, was placed in charge of the area as general athletic director and he has been most successful in developing baseball, football and boxing among the soldiers.

One of his products went up for a trial with the New York Yanks this season, but he was released for more training. The area baseball team was one of the best in that section and a remarkable good football team was developed last fall.

Two boxers, Bob Garcia, a Mexican-Indian featherweight, and Eddie Burnbrook, a welterweight, have not only cleaned up everything among the soldiers, but they give promise of getting a long ways in the professional game when they have completed their hitch in the service.

Garcia recently jumped into prominence when he gave Kid Williams, the former world's bantamweight such a pasting that Williams sought a foul as the best means to escape.

Jimmy Bronson, who has developed a yen for soldier boxers since he brought out Bob Martin, the A. E. F. heavyweight champion, is handling both the boys, and he is doing what few managers in these commercial days are doing. He is taking his time with them and not yielding to the temptation to push them ahead of themselves into the big money.

Both boys recently finished their first enlistment and on the advice of Bronson they signed up for another hitch.

"The army is the best place for a boy who is just getting his start in this business. They've got to keep straight and live clean when they're in the service," Bronson says.

Garcia is the recognized featherweight champion of the army, and Burnbrook holds the welterweight title. Two years ago Burnbrook won the middleweight championship of the service, but he was trained down to the welterweight class by Sergeant Willie Hopfe, the coach and trainer of Camp Holabird.

Burnbrook is a powerful hitter, and is said by competent critics to be ready now for Mickey Walker, but he will be further seasoned before he is sent after the title.

* * * * * * * * *

Since 1905 and 1906, when James Braid won the British open golf championship, no golfer has succeeded in winning the coveted title two years in succession, but Walter Hagen has a most excellent chance to do that stunt this year by repeating his victory of 1922. Hagen at the present time seems to be in invincible form and he has been playing a game that brands him as the greatest player of them all. Gene Sarazen, of course, has last fall's victory over him, but golf critics are almost unanimous in predicting that the little American open champion never will be able to repeat his sensational feats of last year.

* * * * * * * * *

Tennis is one of the few international sports in which an individual star has been able to reign for more than a season. The British and American golf titles have been passed around each year, but William Tilden still reigns as the greatest of all tennis players through three years of hard competition and there is nothing to indicate that he is booked to be succeeded.

Training to Meet Willard

Floyd Johnson, in training at New York for his coming bout with Jess Willard.

CHANGES IN FIGHT APPEAR PROBABLE

New York, April 27.—Jack McAuliffe, the noted thespian and retired lighweight champion, deserted his makeup box up in New England

Wants to See Him

"Just want to see that bird calling and came back today to look over the heavyweight who is wearing his name.

himself Jack McAuliffe and then I'll know what to do," the original fighting Jack said.

"If he doesn't knock out that big comedian Firpo, I'll go after an injunction to pry him loose from that name. If he wants to keep on being McAuliffe he'd better be a fighter," the veteran champion added.

Jack can't see that the big heavyweight card here on May 12 is going to produce a worthy challenger for Jack Dempsey.

Nothing has been done yet by the management of the heavyweight show here on May 12 but a general opinion of the fans that a Willard-Johnson fight would not be much to look at may result in a switch in the program. Johnson was shown up so badly by Fred Fulton the other night in New Jersey that Willard seems almost sure to beat him, and if Johnson is allowed to go on with the former champion it will look like a deliberate steamup for another Dempsey-Willard fight.

Firpo Would Be Better

Firpo, the South American giant, who is also being built up for Dempsey, would make a much better card against Willard.

Mountain Passes Easy for Tractor.

Automobile tractors, similar to the type used in the successful tour across the Sahara desert, recently were operated in the Pyrenees in France, to an altitude of 1725 meters. The little machines surmounted a mountain pass in deep snow.

Plant Travels an Inch a Year.

One of the most extraordinary plants known is the "traveling plant," which has a root formed of knots by which it annually advances about an inch from the place where it was first rooted.

BOWLING NOTES

FRANK & JAMES TEAM TO ROLL MATCH GAME SUNDAY

One more big event will be staged at the local bowling alleys before the season closes next week. The Frank & James team, 1923 City League champions, have challenged any team in Brainerd for a match game. The challenge has been accepted by a number of bowlers from the various teams in the league and the game is now scheduled for Sunday afternoon at 4 o'clock.

The lineup of the team is not definitely known, but the players will be selected from the following: Stephenson, Orne, Alderman, Smraker, Sands, Aiton and Wallen. The champions will have their regular lineup.

The match will be three games for total pins. Considerable interest is being shown by the bowling fans in this last bowling event of the season and a large crowd is expected to witness the battle which, no doubt, will be the best game of the season.

The Calm of the Mosques.

Where, in the open spaces of Stamboul, or outside the gates, or up by the Mosque of Eyoub, men sit at little tables before cafes, under a wide tree, the conversation is calm. In the mosque, the imam preaching is equally calm. He sits easily, and the congregation sits in widening semicircles around, and he addresses them with serene assurance, perusive, quieting, convincing. Three such conferences have been observed in the Mosque of Suleiman, without mutual disturbance. The speaker seems to count on a reasonable audience and to speak out of a confirmed knowledge.

DEVELOPING ATHLETES IN U. S. ARMY

By HENRY L. FARRELL
United Press Sports Editor

New York, April 27.—Since such highly successful results were acquired in the development of the physical and moral condition of the soldiers by extensive athletics in the training camps during the war times, the war department has gone into the promotion of athletics in the service on a large scale.

In the Third Army Corps, with headquarters at Camp Meade, near Baltimore, the post-war activities of the service have been developed to a conspicuous point of perfection.

Charley Herzog, former major league manager and player, was placed in charge of the area as general athletic director and he has been most successful in developing baseball, football and boxing among the soldiers.

One of his products went up for a trial with the New York Yanks this season, but he was released for more training. The area baseball team was one of the best in that section and a remarkable good football team was developed last fall.

Two boxers, Bob Garcia, a Mexican-Indian featherweight, and Eddie Burnbrook, a welterweight, have not only cleaned up everything among the soldiers, but they give promise of getting a long ways in the professional game when they have completed their hitch in the service.

Garcia recently jumped into prominence when he gave Kid Williams, the former world's bantamweight such a pasting that Williams sought a foul as the best means to escape.

Jimmy Bronson, who has developed a yen for soldier boxers since he brought out Bob Martin, the A. E. F. heavyweight champion, is handling both the boys, and he is doing what few managers in these commercial days are doing. He is taking his time with them and not yielding to the temptation to push them ahead of themselves into the big money.

Both boys recently finished their first enlistment and on the advice of Bronson they signed up for another hitch.

"The army is the best place for a boy who is just getting his start in this business. They've got to keep straight and live clean when they're in the service," Bronson says.

Garcia is the recognized featherweight champion of the army, and Burnbrook holds the welterweight title. Two years ago Burnbrook won the middleweight championship of the service, but he was trained down to the welterweight class by Sergeant Willie Hopfe, the coach and trainer of Camp Holabird.

Burnbrook is a powerful hitter, and is said by competent critics to be ready now for Mickey Walker, but he will be further seasoned before he is sent after the title.

Since 1905 and 1906, when James Braid won the British open golf championship, no golfer has succeeded in winning the coveted title two years in succession, but Walter Hagen has a most excellent chance to do that stunt this year by repeating his victory of 1922. Hagen at the present time seems to be in invincible form and he has been playing a game that brands him as the greatest player of them all. Gene Sarazen, of course, has last fall's victory over him, but golf critics are almost unanimous in predicting that the little American open champion never will be able to repeat his sensational feats of last year.

Tennis is one of the few international sports in which an individual star has been able to reign for more than a season. The British and American golf titles have been passed around each year, but William Tilden still reigns as the greatest of all tennis players through three years of hard competition and there is nothing to indicate that he is booked to be succeeded.

BOWLING NOTES

FRANK & JAMES TEAM TO ROLL MATCH GAME SUNDAY

One more big event will be staged at the local bowling alleys before the season closes next week. The Frank & James team, 1923 City League champions, have challenged any team in Brainerd for a match game. The challenge has been accepted by a number of bowlers from the various teams in the league and the game is now scheduled for Sunday afternoon at 4 o'clock.

The lineup of the team is not definitely known, but the players will be selected from the following: Stephenson, Orne, Alderman, Smraker, Sands, Aiton and Wallen. The champions will have their regular lineup.

The match will be three games for total pins. Considerable interest is being shown by the bowling fans in this last bowling event of the season and a large crowd is expected to witness the battle which, no doubt, will be the best game of the season.

Training to Meet Willard

Floyd Johnson, in training at New York for his coming bout with Jess Willard.

CHANGES IN FIGHT APPEAR PROBABLE

New York, April 27.—Jack McAuliffe, the noted thespian and retired lighweight champion, deserted his makeup box up in New England

Wants to See Him

"Just want to see that bird calling and came back today to look over the heavyweight who is wearing his name.

himself Jack McAuliffe and then I'll know what to do," the original fighting Jack said.

"If he doesn't knock out that big comedian Firpo, I'll go after an in junction to pry him loose from that name. If he wants to keep on being McAuliffe he'd better be a fighter," the veteran champion added.

Jack can't see that the big heavyweight card here on May 12 is going to produce a worthy challenger for Jack Dempsey.

Nothing has been done yet by the management of the heavyweight show here on May 12 but a general opinion of the fans that a Willard-Johnson fight would not be much to look at may result in a switch in the program. Johnson was shown up so badly by Fred Fulton the other night in New Jersey that Willard seems almost sure to beat him, and if Johnson is allowed to go on with the former champion it will look like a deliberate steamup for another Dempsey-Willard fight.

Firpo Would Be Better

Firpo, the South American giant, who is also being built up for Dempsey, would make a much better card against Willard.

Mountain Passes Easy for Tractor.

Automobile tractors, similar to the type used in the successful tour across the Sahara desert, recently were operated in the Pyrenees in France, to an altitude of 1725 meters. The little machines surmounted a mountain pass in deep snow.

Plant Travels an Inch a Year.

One of the most extraordinary plants known is the "traveling plant," which has a root formed of knots by which it annually advances about an inch from the place where it was first rooted.

The Calm of the Mosques.

Where, in the open spaces of Stamboul, or outside the gates, or up by the Mosque of Eyoub, men sit at little tables before cafes, under a wide tree, the conversation is calm. In the mosque, the imam preaching is equally calm. He sits easily, and the congregation sits in widening semicircles around, and he addresses them with serene assurance, peruasive, quieting, convincing. Three such conferences have been observed in the Mosque of Suleiman, without mutual disturbance. The speaker seems to count on a reasonable audience and to speak out of a confirmed knowledge.
